Special PDE Workshop

(Wuhan University, August 31, 2019)

The Special PDE Workshop will be held at School of Mathematics and Statistics, Wuhan University on Aug. 31st 2019. This workshop, sponsored by NSFC (National Natural Science Foundation of China), will focus on nonlinear PDEs arising from fluid dynamics and aim to provide a forum for young researchers to exchange their ideas and promote collaboration in this field.

Invited Speakers

Ran Duan (Central China Normal University)

Shuangqian Liu (Jinan University, Guangzhou)

Lili Fan (Wuhan Polytechnic University)

Linjie Xiong (Hunan University)

Haiyang Jin (South China University of Technology)

Yuanjie Lei (Huazhong University of Science and Technology)

Contact

Tao Wang (E-mail: tao.wang@whu.edu.cn)

Venue

Lecture room, 4th floor, Northeast Building of the Math department
